

1 (1) receiving a broadcast or cablecast transmission to be transmitted and
2 delivering said broadcast or cablecast transmission to a transmitter;
3 (2) receiving and storing valve control signals which at one of said plurality
4 of receiver stations operates to cause said valve to cease and commence communicating
5 signals to said one or more processors; and
6 (3) causing said valve control signals to be communicated to the transmitter
7 at a specific time, thereby to transmit said broadcast or cablecast transmission
8 comprising said valve control signals to cause said valve to cease and commence
9 communicating signals to said one or more processors.

REMARKS

Applicants respectfully request consideration of the instant Supplemental Preliminary Amendment with respect to the above-described application.

The Commissioner is hereby authorized to charge any additional fees or credit any overpayment of fees in connection with this communication to Deposit Account No. 08-3038.
